## GENERAL INFORMATION

**Illinois**  
Strayer University is authorized for operation by the Illinois Board of Higher Education.
ADMISSION TO THE UNIVERSITY

Undergraduate Admission  

• Documentation of high school graduation or high school equivalence. Acceptable forms of documentation of high school graduation or high school equivalence for undergraduate admission must include one of the following:
  o High School Diploma/Transcript: A copy of a high school transcript indicating the graduation date or a high school diploma from an approved high school that is recognized by an agency recognized by the U.S. Department of Education and/or certified by the State Board of Education. (Special rule for Delaware, South Carolina, and Tennessee; applicants in these states must provide an official high school transcript from an approved high school that is recognized by an agency recognized by the U.S. Department of Education and/or certified by the State Board of Education.)
  o GED Certification: A copy of a GED certificate. (Special rule for Delaware, South Carolina, and Tennessee; applicants in these states must provide an official GED certificate.)
  o Home School Completion: Proof of home school completion equivalent to high school level graduation and the Home School Completion certificate if the home school state issues a completion credential. (Home school curriculum must satisfy any home school state laws or requirements.)
  o College Degree or Transcript: A copy of an associate/bachelor’s degree or transcript showing degree completion from an institution accredited by an agency recognized by the U.S. Department of Education. (Special rule for Delaware, South Carolina, and Tennessee; applicants in these states must provide an official college or university transcript indicating the award of an associate/bachelor's degree from an institution accredited by an agency recognized by the U.S. Department of Education.
  o NSLDS Report and Transferable Credit (prior to July 1, 2012): Undergraduate students may use this documentation as basis of admission if they: 1) attended an eligible program at a Title IV institution prior to July 1, 2012 and 2) earned 6 semester credit hours/ 9 quarter credit hours in academic courses prior to July 1, 2012.
  o Extraordinary Circumstances: In the event that a student's official high school and/or college records are unable to be obtained from the issuing agency due to extraordinary circumstances such as flooding, fire, or other natural disaster (or in the case of foreign credentials, if there was governmental failure, civil war or social unrest), the student must provide a signed statement outlining the circumstances documenting the graduation month and year, and a formal letter of recommendation from the Campus Dean. Supporting documentation must be provided from the state, the Department of Education, or the government agency responsible for verifying this information.
  o International students who intend to apply for F-1 visa status and who have previously attended an institution of higher education, must have a minimum 2.0 GPA from their previous institution in addition to the above requirements in order to meet visa application requirements of the U.S. Citizenship and Immigration Service. Refer also to the section titled Additional Admissions Requirements for International Students.

All admitted students receive a letter informing them of their admittance to Strayer University.

Awarding of Transfer Credit – Undergraduate  

Students who have attended other post-secondary educational institutions and transfer to Strayer University may be eligible to receive transfer credit in one of Strayer University’s degree, diploma and certificate programs, if appropriate. All applicants are considered on their individual merit. All students are required to meet Strayer University’s academic requirements to be awarded a degree. Transfer students should follow the application procedures outlined in this catalog. Evaluation of transcripts and academic
experience is conducted by the University’s Transfer Credit Evaluation Services Department in accordance with University policy.

No more than 126 quarter hours of credit may be applied toward a bachelor’s degree; no more than 63 quarter hours of credit may be applied toward an associate’s degree; no more than 22.5 quarter hours of credit may be applied toward a diploma program; no more than 4.5 quarter hours of credit may be applied toward a certificate program. Credits from courses in the accounting and computer-related areas is subject to a ten-year limitation when being evaluated. Students should request evaluation of transcripts and other previous learning immediately following acceptance to Strayer University to avoid possible duplication of courses. An official transcript must be submitted prior to evaluation.

Incoming courses must be equivalent in content and outcomes to courses at Strayer University. The University’s Transfer Credit Evaluation Services Department will examine the content, outcomes, and clock/credit hours for each incoming course. Incoming undergraduate courses must meet the following basic criteria in addition to those outlined above:

- Earned a grade of "C" or higher in the course. A grade of "D" or higher will be accepted if the student has earned an associate’s degree at the same institution as the proposed transfer course(s).
- Must be 4.5 quarter hours/3.0 semester hours in length.
- Come from an institution that is recognized by the U.S. Department of Education, recognized by the American Council on Education, or be a University-approved corporate training course.

Strayer University works closely with companies and employees to determine if specific company training or other previous work/life experience can be articulated toward college credit at Strayer University. When evaluating previous educational training, the University requires that the company provide the name and description of the course, information about the course duration, learning objectives, learning outcomes, and student assessment. A course must equal 45 contact hours and be similar in content and outcomes to courses offered at Strayer University. Strayer utilizes guidelines set forth by the American Council on Education, CAEL, and AACRAO to evaluate corporate training. Specifically, Strayer University examines the course content for subject matter and collegiate level work, course outcomes, and measures of outcomes.

Strayer University accepts transfer credit from international institutions that is deemed equivalent to coursework in the United States. All international education documents are submitted to an approved third party evaluation provider and must meet the same criteria as listed above.

Students in residence at Strayer University who choose to take a course at another institution in order to transfer those credits into their program are required to submit a request to pursue courses at another institution form to their Campus Dean prior to enrolling at the outside institution.

Awarding of Transfer Credit – Graduate December 27, 2012

Awarding of Transfer Credit—Graduate

Transfer students seeking evaluation of previous graduate level credit must provide evidence the courses are comparable in content to those offered in the program of study at Strayer University and come from an institution that is recognized by an agency that is recognized by the U.S. Department of Education or the American Council on Higher Education. Evaluation of transcripts or academic experience is conducted by the University’s Transfer Credit Evaluation Services Department in accordance with University policy. No more than 4.5 quarter hour credits may be applied to an executive graduate certificate programs, and no more than 18 quarter hour credits may be applied to a master’s degree programs. No courses with grades below that of a "B" will be accepted in transfer. Individual programs may require specific courses be completed at Strayer University and would not have a transfer equivalent. The University policy regarding requirements for degree completion is located in the policy and procedures section of this catalog.
All courses evaluated for transfer credit must have been completed within ten years of the date the student is accepted into Strayer University’s graduate degree or certificate program. Exceptions are made if the student is pursuing a second graduate degree related to the first. Experiential Learning Assessment credits are not granted for graduate courses. Students in residence at Strayer University who choose to take a course at another institution in order to transfer those credits into their program are required to submit a request to pursue courses at another institution form to their Campus Dean prior to enrolling at the outside institution.

Strayer University accepts transfer credit from international institutions that is deemed equivalent to coursework in the United States. All international education documents are submitted to an approved third party evaluation provider and must meet the same criteria as listed above.

**Awarding of Transfer Credit—Jack Welch Management Institute**

Transfer students seeking evaluation of previous graduate level credit must provide evidence courses are comparable in content to those offered in the program of study. Certain courses must be completed at Strayer University and would not have a transfer equivalent. Evaluation of transcripts or academic experience is conducted by the University’s Transfer Evaluation Services Department within the Registrar’s Office. All transcripts submitted for evaluation must come from an accredited institution.

Upon completion of the transfer evaluation a student may receive up to 9.0 quarter hours of credit toward the completion of the Jack Welch Executive Master of Business Administration program at Strayer University. No courses with grades below a "B" will be accepted in transfer. Only those courses determined to be eligible for transfer will be accepted. Students should reach out to the academic office for the list of courses eligible for transfer.

All courses evaluated for transfer must have been completed within 10-years of the date the student is accepted in to the program. Experiential Learning credits are not granted for graduate courses.

Master of Science in Accounting December 27, 2012
Texas Students - Strayer University is authorized to grant degrees from the Texas Higher Education Coordinating Board and is regionally accredited by the Middle States Commission on Higher Education. Under the current regulations of the Texas State Board of Public Accountancy (“Board”), eligibility to sit for the Certified Public Accountant (CPA) exam and be licensed as a CPA in Texas requires CPA applicants to meet certain requirements. One such requirement provides that CPA applicants must have graduated from a recognized institution of higher education. While Strayer University meets the current standards for recognition, due to a recent rule change Strayer must, in order to be a recognized institution after July 18, 2013, either achieve accreditation from the Accreditation Council for Business Schools and Programs (ACBSP) or successfully demonstrate to the Board that we meet equivalent accreditation requirements of the Southern Association of Colleges and Schools (“SACS”).
Strayer University is working diligently to meet this new requirement. We are a candidate for ACBSP accreditation, and anticipate achieving that distinction prior to July 18, 2013. In addition, we have petitioned the Board for a determination that we meet equivalent accreditation requirements of SACS. However, if we do not meet either of these criteria prior to July 18, 2013, the coursework completed and degrees earned from Strayer will not meet the education requirements for the Texas CPA exam.

We will continue to keep you apprised of these developments. In addition, under Texas rules, of the 45 quarter hours of upper-level accounting coursework required for a candidate to be eligible to take the CPA exam in Texas, at least 22.5 of those hours must be taken in face-to-face courses. Texas students wishing to sit for the CPA exam should check with the Board for additional requirements that may apply (https://www.tsbpa.state.tx.us/).

Master of Science in Accounting*

The primary objective of the Master of Science in Accounting is to provide specialized, graduate level education to persons seeking positions as professional accountants in industry, government, and non-profit organizations. In addition, the Master of Science in Accounting program offers graduates much of the academic background necessary to pursue certification in public accounting (CPA) and management accounting (CMA).

Students who have not earned degrees from appropriate fields of study may be required to take additional coursework as a prerequisite for completing the program.

The program provides a well-balanced integration of theoretical accounting concepts and modern quantitative methods in decision-making.

Many states have additional requirements directly related to CPA examination preparation. Students should consult their respective state Board of Accountancy for further details.

This program offers specializations that allow students to tailor their degrees to fit their careers and learning goals. It is an exciting educational option for students looking to increase their understanding, advance their careers, and expand their opportunities in the following areas:

- Accounting Information Systems
- Controllership
- Public Accounting (**)(***)

Master of Science in Information Systems

The Master of Science in Information Systems is a professional degree program that stresses the technical, managerial, and policy issues associated with building computer based systems that support modern organizations. The program addresses the theoretical and practical aspects of specifying, designing, implementing, and managing systems that possess qualities such as portability, scalability, and interoperability.

The Master of Science in Information Systems program treats information as an organizational resource that is subject to managerial planning and control. It focuses on integration of data and distribution of information in helping organizations to be more competitive.

Students who have not earned degrees from appropriate fields of study may be required to take additional coursework as a prerequisite for completing the program.

Within this curriculum, students have the option of choosing a concentration in:

- Computer Security Management
- Decision Support System Management
- Enterprise Resource Management
- Network Management
- Software Engineering Management
- Systems Development Management

**Bachelor of Science in Criminal Justice**

The Bachelor of Science in Criminal Justice program offers area concentrations that enable students to tailor their degrees to their career and educational goals. Specializations include:

- Criminal Justice Administration
- Homeland Security and Emergency Management
- Homeland Security Technology
- Computer Security and Forensics

Completion of Strayer University's Bachelor of Science in Criminal Justice program does not guarantee that a student has met the requirements for employment in the criminal justice field. Prior to enrolling in the program, students are encouraged to consult the applicable licensing board in the field of their employment. Students should be advised that many criminal justice employers take into account the following factors when determining eligibility for employment: U.S. citizenship, state residency, criminal background screening, physical and psychological health, age and military discharge information. Links to the most commonly requested information for regulated professions are available on the Strayer University website at [https://icampus.strayer.edu/career-services](https://icampus.strayer.edu/career-services).
