The Strayer University Graduation Fund

We are pleased to announce The Strayer University Graduation Fund for the Summer 2013 term. This program gives students the opportunity to make college more affordable and rewards students who are committed to pursuing their bachelor’s degrees. All qualified new and readmit students are automatically enrolled in The Graduation Fund when they enroll with Strayer University.

New or Readmit students registering in the summer 2013 term in any undergraduate degree program qualify for The Strayer University Graduation Fund. These students will earn one (1) Tuition Award for every three (3) courses they successfully pass in their programs of study, subject to details below. Tuition Awards may be redeemed for the final courses required to complete a bachelor’s degree.

Eligibility Requirements
a. New or Readmit students registering for the Summer 2013 term in any undergraduate degree program.
b. Meet all Strayer University admission requirements.
c. Readmit students must be in good academic and financial standing with the University.
d. Must not be eligible for any previously issued admissions scholarship program.

Earning and Maintaining Tuition Awards
a. Must be in a declared undergraduate degree program (not ABOA/NDNP).
b. For every three (3) courses successfully completed (defined as earning the grade required by the program curriculum as outlined in the Strayer University catalog), the student will earn one (1) Tuition Award.
c. Students forfeit all Tuition Awards previously earned and the ability to earn future Tuition Awards if they have more than one (1) consecutive term of non-attendance.
d. Developmental courses (08X/090/091), transfer credits, courses completed prior to readmission, and courses passed by placement exam (Challenge Exams, DSST, CLEP, ELP, etc.) are excluded from this program and do not count toward earning Tuition Awards.

Redeeming the Tuition Awards
a. All Tuition Awards must be redeemed for the final courses leading to a bachelor’s degree. For example, if a student earns ten Tuition Awards, then the tuition for the final ten courses in his/her bachelor’s degree program are covered by the earned Tuition Awards.
b. Students do not need to apply to redeem Tuition Awards. The University will automatically apply earned Tuition Awards to the student’s final courses leading to a bachelor’s degree. Before Tuition Awards can be redeemed, the student must have no past due balance owed to the University and be in good academic standing.
c. Each Tuition Award earned entitles the student to one ‘attempt’ a course. If the student drops, fails, or withdraws from the attempted course, the student must cover the full tuition cost in order to repeat the course.
d. Tuition Awards may not be used to cover books, fees, or prior balances, and are not transferrable or redeemable for cash.
