

What is the undergraduate admissions process?

All you have to do is call the admissions office and set up an appointment with an admissions officer, either over the phone or in person at your local campus. From there, we will help you gather your credentials. You'll sign a document authorizing Strayer University to request your previous school transcripts on your behalf. After that, we'll help you pick out your classes, and have you meet with a student financial services representative. Then, we'll establish a method of payment, and you'll be all set for your first day of class.

(Katie Ellis, Strayer University Admissions Officer)
